

# June Newsletter

## HIGHLIGHTS

### June's monthly outing:

Our members enjoyed working at the Food Pantry on June 3rd. We stocked, packed and handed out non-perishable items to the community. Thanks again for all your support and help!

### Stay Tuned!

Stay Tuned: Next outing will be in September 2010.

### Look for us:

We will be at several schools open houses in August. More details will follow. If your school is looking for a new afterschool program drop us a line at: [info@growingupgreen.org](mailto:info@growingupgreen.org).

## Green Tip!

If you are doing laundry, use only cold water. Each load uses about 40 gallons of water, which requires a lot of energy to heat up if you're using warm or hot water. One household can eliminate more than a thousand pounds of greenhouse gas emissions per year just by washing in cold water.

## Fun Fact!

The world's biggest landfill is not even in the land, it's in the Pacific Ocean. Think about the impact of this on the creatures in the ocean.

### Local Happenings:

- Farmers Market at the Gardens Park Tuesdays 4pm – 8pm
- Bountiful Baskets – Food Co-op
- June 19th Lovell Canyon Route Restoration
- June 26th N. Las Vegas Wash Mud dune/Corn Creek Clean-up

### Member SPOTLIGHT:

**Las Vegas members are tending to their gardens! A local family is having great results with their squash! For tomatoes - the topsy turvy really works!**

**Drop us an email and tell us what you are doing.**
